"BILLY THE KID" TO OPEN AT D. C. SUNDAY

Robert Taylor and Gene Lockhart in a tense moment from "Billy the Kid," epic outdoor thriller which opens at the Daly City theatre, Sunday. Filmed in technicolor and presenting Taylor in his first Western role as the man who wrote Western history in gun smoke, the new picture is said to reach a peak in action thrills. Mary Howard has the feminine lead, and Ian Hunter, Brian Donlevy and Lon Chaney jr. are others in featured roles.

IT'S ASPARAGUS TIME —and all's well

Dorothy Greig

ONE of the palate treats of early summer is fresh green asparagus. It arrives green and succulent, with its own elusive fragrance. Its time is all too fleeting, so enjoy it we must while we may.

Served hot, dressed lavishly with golden melted butter is perhaps our first thought. But if your taste runs to more provocative and positive flavors then enhance asparagus with a gay and edgy sauce that combines the delicate sharpness of pimiento cheese with the rich mushroom flavor of condensed cream of mushroom soup. For all its flavor, this sauce is easy to make. This is how it goes. But first we start with the asparagus:

1 bunch fresh asparagus

To cook whole, tie loosely in a bunch, put into rapidly boiling, salted water and cook, uncovered, 10-20 minutes or until tender. Lift bunch from kettle, drain, serve hot stalks arranged parallel with sauce poured over them.

Mushroom-Pimiento Sauce

1 can condensed cream of mushroom soup
½ cup milk
2 ounces pimiento cheese

Stir the milk into the condensed cream of mushroom soup and then add the pimiento cheese. Heat in a double boiler until the cheese melts and then pour over the asparagus. Serves 6.

Not Religious

It has been estimated that only about 8 per cent of London's population concerns itself with church going.

Mohawk Service

(Continued from Page 1)

the station will also be invited to register for a drawing which will take place Saturday, August 30. The grand prize will be a beautiful $25 Travelaire matched luggage set. Ask to sign the register for the drawing when you visit the Mohawk Service.

William (Bill) Siem will operate the Mohawk Service as an independent super service station. With his many years of experience in the service station business, Bill Siem is well versed in the needs of the motoring public. He understands what the car owner wants and with his vast background he is equipped to give the service that modern automobiles require.

"Visit the Mohawk Service this week end and fill up with Mohawk," Bill invited in an interview early this week.

Becoming Railway Business

Passenger traffic on the Eastern Bengal railway in India has shown a substantial increase since reported healing powers of the four-year-old son of a Saidpur station agent have become known. The boy is said to be able to cure sufferers by breathing on them.

Rice Producers

China and India are the world's leading rice producers, with Japan ranking third. Japan's crops are supplemented by imports of the commodity.

Dangerous Firewood

Mrs. L. Marais of Carletonville, Western Transvaal, picked up a piece of firewood while lighting her kitchen fire and found to her horror that she had seized a deadly night adder. With great presence of mind, the housewife struck it against the door and battered it to death.

Last Word in Television

The new television antenna just completed atop the Chrysler building in New York is the only one of its kind in the world. Built to withstand a 150-mile gale, it consists of four hollow tapered aluminum bars, electrically heated to prevent formation of ice in the winter.

Guard President

At President Roosevelt's party for Washington newspaper reporters, guests who had wandered to the south lawn had a queer sensation while they stood looking back at the [illegible] shining through the windows they saw that the ballroom lighted and empty, the Marines and the Green Room had been suddenly emptied. Before long, [illegible] came to explain. The rooms had been cleared to allow President Roosevelt to pass through to his [illegible]. Such [illegible] war has become worse.

"It's the Berries"—this BLACKBERRY COBBLER!

Old-fashioned dessert spots new highs in nutrition values

Now's the time to serve fresh, ripe berries, juicy delicious fruits of all kinds—and wholesome milk and cream. These help to give your family their quota of vitamins, minerals and calories.

What better way to do this than to serve lots and lots of luscious berries and fruits, each in its season, tucked into a flaky baking powder biscuit roll, sliced and served (hot or cold) with cream or top milk! It's a delicious dessert . . . it's satisfying . . . it's the smart way to help keep fit!

No more biscuit worries with this grand recipe and the oh-so-creamy shortening, Spry. It's easy to use, helps you get excellent results, enables you to save the flavors of all your delicious ingredients, because they come through in *full* goodness. Clip this recipe, and let it help our 'do's come through lusting nutrition.'

BLACKBERRY COBBLER

2 cups sifted flour
3 teaspoons baking powder
1 teaspoon salt
1 tablespoon sugar
¼ cup Spry
¾ cup milk (about)
1 pint fresh blackberries, sliced
¾ cup sugar
1 tablespoon butter

Sift flour with baking powder, salt, and sugar. Cut in Spry until mixture is as fine as meal. Add milk, mixing to a soft dough.

Roll dough into a rectangle about ¼-inch thick. Spread with berries to within ½-inch of edge. Sprinkle sugar over berries. Dot with butter. Roll like a jelly roll and seal. Place in oblong Spry-coated baking dish. Brush roll with milk and sprinkle with sugar. Bake in hot oven (425°F.) 30 minutes. Serve with cream. Serves 8.

(All measurements in recipe are level)

Ancient Organization

Shell organizations spurn home and ivory were all employed by the ancients for architectural decoration. On these hard substances the colorists could produce excellent designs. Then this film of color however, was quite durable—it soon wore away and light pierced through. Since then the modern methods of decoration include certain movements in ink the colors and the stepping of small artistic models from such dense substances in a dye bath for several hours.

Oldest Going Concern

A World's fair has been held annually at Leipzig without interruption for over 700 years, breaking all records for business longevity. The map of Europe has been repeatedly redrawn, dynasties have risen and fallen, but the fair has continued functioning permanently. The fair covers business monthly from 70 countries. American participation dates back for a century. The fair includes the newest art and industrial products from 32 of the leading industrial countries.

Book Wear and Tear

V. J. McHenry, who annually supervises the renewing of the 3,000 library books of the University of California, reports that it is always the first 50 pages of a book that suffer the greatest damage due to the efforts of students to concentrate on them. The middle and the end rarely ever have to be renewed.

First Dog Shot

Bobby, an Alsatian dog attached to a crack French Zouave regiment as a messenger, was the first dog to be shot by the Germans on the Western front, according to a report received in Paris. His body was recovered and was buried with the following epitaph: "Here lies Bobby, a messenger dog, who fell on the field of honor while rendering service."

U. S. Army Organization

The United States army consists of the regular army, national guard and organized reserves.
